Boston Public Schools,
Offices of Board of Superintendents,
Mason Street, July, 1907.

This document comprises the second list of candidates eligible for appointment to permanent positions * in the public day schools of Boston, revised and completed to date. It contains the names of all candidates included in the "First List," issued in December, 1906, who have not yet been appointed to permanent positions in the service, and whose certificates are still valid, with the exception of those who have had their names removed by request. It also contains the names of candidates who have applied for and have received a rating since December, 1906, as well as those entitled to a rating by having successfully passed examinations held since that date.

Graduates of the Boston Normal School prior to June, 1907, whose names appeared in the "First List," and are also entered in this list, have been regraded by the Board of Superintendents in accordance with the provisions of the rules of the School Committee (section 142, paragraph 2), and their present ratings supersede those given in the previous list.

Included in this document will be found the list of candidates eligible for appointment as assistant nurses in the public schools, rated according to the results of the examination held in June, 1907. The regulations of the School Board with respect to the appointment, reappointment, tenure of office, and removal of teachers apply in general to nurses, and their certificates cease to be valid in accordance with the regulations governing the expiration and revocation of teachers' certificates of qualification.

* Appointments as principal of a school or district, as director of a special subject, as supervisor of a special subject or department, as instructor of military drill, as medical inspector of special classes, as supervising nurse, as temporary teacher, as substitute, as special assistant in elementary schools, and as teacher in evening or vacation schools are not governed by this list.

The Board of Superintendents holds examinations during the week beginning with the first Monday of April in each year of candidates for appointment as teachers in the public schools. Other examinations may be held whenever, in the opinion of the Superintendent, the needs of the schools require. Detailed information with regard to such examinations may be obtained in advance by application to the undersigned.

The names of persons holding certificates which include certificates of a lower grade may, upon request, be included in the eligible list of such lower grade or grades according to the rating of such holders of certificates in their respective examinations, but they shall not be entitled to a higher rating on such lower list or lists by reason of their holding higher grade certificates.

The names of persons appointed to permanent positions in the day school service shall be removed from the eligible lists; and any person whose name appears on such lists may, upon request, have the same removed therefrom.

The names of persons appointed to positions in evening and vacation schools, or as substitutes, temporary teachers, or special assistants in elementary schools, shall not be removed from their respective eligible lists because of such appointment.

The name of any person appearing on any eligible list who has failed of selection on five separate occasions when another person on said list has been selected and appointed, may be dropped from said list by action of the Board of Superintendents, and shall not be restored thereto except by another examination. The name of any person that has been on any eligible list six years shall be removed therefrom, and may be restored thereto only by examination. Any person taking more than one examination of the same class shall be rated in the eligible list of that class solely on the results of the last examination.

Persons whose names appear on any eligible list, and who

desire to have their ratings changed, may have this done by passing another examination.

Boston Normal School graduates may obtain positions on the regular elementary class B list by passing the prescribed examination. In that event they will be rated on the elementary list, class B, according to the results of such examination, and their names will be removed from the normal graduates list.

Persons whose names do not appear on the eligible lists as published, and who hold valid certificates of qualification, may make application to the Board of Superintendents to be placed on the next lists.

Copies of eligible lists as soon as printed are mailed to persons whose names appear thereon.

EXPIRATION AND REVOCATION OF CERTIFICATES.

Certificates issued on examination after June 1, 1906, shall cease to be valid on the thirtieth day of June of the sixth year following the date of issue, except as hereinafter provided.

Certificates issued on examination prior to June 1, 1906, shall cease to be valid on the thirtieth day of June of the second year following the date of issue, except as hereinafter provided.

Certificates issued to graduates of the Boston Normal School prior to June 1, 1906, shall cease to be valid June 30, 1912, except as hereinafter provided.

Certificates issued to graduates of the Boston Normal School after June 1, 1906, shall cease to be valid on the thirtieth day of June of the sixth year following the date of issue, except as hereinafter provided.

Certificates issued on examination prior to June 1, 1906, and valid on that date by reason of renewal or of service in the Boston public schools, shall cease to be valid June 30, 1908, except that regular high school certificates held by teachers serving during the year ending June 30, 1906, in

permanent positions in the elementary day schools of Boston, shall cease to be valid June 30, 1912, except as hereinafter provided.

All certificates under which appointments are made to permanent positions in the day school service, and certificates of a higher grade, but including the position in which the holder thereof is employed, shall remain valid during the term of such service, and until the thirtieth day of June of the second year following the termination of such service.

Any certificate may be revoked by the Board of Superintendents if, in its opinion, the good of the service so demands.

SUBSTITUTE CERTIFICATES.

All certificates are non-renewable, but the Board of Superintendents may issue instead thereof substitute certificates which shall entitle the holder to serve as substitute or temporary teacher, as special assistant in elementary schools, and in evening and vacation schools, under such conditions and limitations as that Board may determine.

THORNTON D. APOLLONIO,
Secretary.
